Brampton Adult Soccer Club

Dear Community Partner,

On behalf of the Canadian Cancer Society, we would like to formally thank the Brampton Adult Soccer Club for their ongoing support to the Kicks for Cancer event. The event has been around for 14 years and has raised thousands of dollars for cancer research and services. This would not be possible without the dedication from the Brampton Adult Soccer Club and its members.

The Canadian Cancer Society is a national, community-based organization of volunteers, who's mission is to eradicate cancer and enhance the quality of life of people living with cancer.

The reality is that almost every one of us will be directly affected by cancer in our lifetime – either personally or through a family member or friend. One out of three Canadians will develop cancer in his or her lifetime. These statistics bring us together in the fight against cancer.

2013 is the Canadian Cancer Society's 75th Anniversary. By joining us during this special year, you will help make Kicks for Cancer the most successful ever. Thank you for being a part of the remarkable impact of 75 years of fighting for life.

We look forward to continuing to work with such a dedicated and enthusiastic Club!

Sincerely,

Laura Liscio
